

Scrum #2 stand up questions

What have you done?

- Lazlo - Moved search history and implemented mini-collages
- Veda - Finished travis :)
- Kayla - rainbow-fied the search, sign in, and sign up pages
- Cindy - Finished fixing the radius from meter to miles, and adding error to it.
- Alex - Almost done with giving individual pagination for restaurants and recipes

What are you going to do?

- Lazlo - Cucumber tests for new search history and other team members' features
- Veda - Think about list persistence greatly, and our refactors
- Kayla - rainbow-fy the remaining pages and add glitter trails to the mouse
- Cindy - Help Alex do URL, add test cases for adding error for radius, HTTPS
- Alex - Consult Veda or Cindy to find fix URL handling for pagination, then start next pagination task

What are you blocked on?

- Lazlo - Nothing
- Veda - nothing
- Kayla - my github is being weird and not letting me push my code
- Cindy - Nothing, but help with Alex first so he can do the next task
- Alex - Need to work with Cindy or Veda for said pagination URL issue
