

Scrum #5 stand up questions

What have you done?

- Lazlo - nothing
- Veda - did some refactoring
- Kayla - nothing
- Cindy - figured out how to do HTTPS
- Alex - Nothing

What are you going to do?

- Lazlo - See if https can be tested with cucumber, pagination testing
- Veda - manage list and more refactoring :(
- Kayla - rainbowfy the rest of the pages and fix the tables, write the sprint review and sprint planning section on the report
- Cindy - configure everyone's laptop to do HTTPS, help Alex with his bug, do groceries list
- Alex - Continue pagination, find out bug that is limiting results

What are you blocked on?

- Lazlo - Laptop not yet configured with https
- Veda - nothing
- Kayla - my results page won't load properly so I can't do the rest of the UI
- Cindy - nothing
- Alex - Need to isolate and fix bug that limits results
