Sprint 3 Backlog

- **Set the radius of the restaurants search**
  - Add test to check that a restaurant that is out of bounds does NOT show up when you enter a small radius (white box) (Lazlo)
- **User interfaces must look modern and attractive**
  - Search page (Cindy)
    - When the angry face changes to the smiley face, make it the same exact size
    - Move the text on the emoji to the forehead!
  - All tables (Alex)
    - Make the difference between the alternating shades of grey for the tables more obvious
  - Nav bar (Lazlo)
    - Move the nav bar buttons on the manage lists page move to the top right, consistent with all the other pages
- **Keep track of a grocery list for selected recipes** (Veda)
  - Make it so you can access grocery list from ALL pages except the search, sign in, and sign up pages (it's only accessible from results page right now)
  - Merge duplicate grocery list items
- **Review & Retrospective (Kayla)**
